

ADL Series

Architectural LED Downlights

NICOR's architectural LED downlights are energy efficient and environmentally responsible, allowing you to light larger commercial spaces with peace of mind. The ADL offers high efficacy and exceptional color rendering, making this luminaire an ideal choice in places such as corridors, conference rooms, lobbies, and large offices. The ADL is available in 3500K, 4000K, and 5000K color temperatures with lumen options to fit any project.
