

# 19001AR

## 4" Universal Airtight Housing

### Product Description

Suitable for new construction in residential and commercial applications. NON-IC. Insulation must be kept a minimum of 3" from housing.

#### Housing

Washington State Energy Code approved to meet restricted airflow requirements. Airtight housing limits the exchange of air between ceiling plenum and heated/ cooled areas. Integral thermal protector guards against improper lamping and misuse of insulation materials. Adjustable socket bracket assures proper and consistent lamp positioning. 5 1/2" height allows use in 2" x 6" joist construction.

#### Junction Box

Listed for through branch circuit wiring and includes several 3/4" knockouts. Four pry-outs with integral strain relief simplify Romex installation. Supplied with three IDEAL® push-in wire connectors.
